

NEW SANITARY SEWER SERVICE LATERAL AND EXISTING SEPTIC TANK LOCATION FORM

Property Line

House No. _____

Property Line

Property Line

Edge of Pavement

Street Name _____

1. Sketch in the location of your septic tank.
2. Sketch in the driveway to your house and any sidewalks.
3. Write in the name of the street or road which is in front of your home where indicated above.
4. Sketch in the location of your well (if you have one).
5. Sketch and label any other items that may be helpful such as utility poles, under ground pipes, landscaping such as fountains or ponds, etc.
6. Mark with an "X" the location (between the "Edge of Pavement" and the "Front Property Line") which you feel would be best for the new service lateral and cleanout.
7. Indicate if your house is supported on a concrete slab _____, or on a crawl space _____.
8. If known, indicate how far the edge of your septic tank is from your home: _____ feet.
9. If known, indicate how deep the top of your septic tank is below the ground surface: _____ inches.
10. Complete the information below and return this sheet in the enclosed, self stamped envelope by _____, 20__.
